Meet Caroline!

We're delighted to introduce Caroline to you as part of the Gaia Education team as an Educator.

English & Humanities Coordinator
& Examinations Officer
English Educator

Caroline joined Gaia Learning in September 2024 and is now our English & Humanities Coordinator and Examinations Officer, supporting both learners and educators across the provision.

With over 10 years of experience in education, Caroline has taught primarily English alongside Drama, Modern Studies and Global Perspectives, in a range of international school and online settings. She has worked with learners of different ages, abilities and educational backgrounds.

Caroline is passionate about inquiry-based learning, encouraging learners to ask questions, explore different perspectives and develop their critical thinking skills. She believes strongly in student agency, creating opportunities for young people to take ownership of their learning, follow their interests and build confidence in their own ideas and abilities.

Her approach focuses on making learning engaging, meaningful and accessible, while nurturing curiosity, independence and a genuine enjoyment of learning. She is particularly passionate about helping learners recognise their strengths and find their own pathways to success.

Outside of teaching, Caroline loves travelling, the arts and dogsitting! She enjoys bringing these passions into her sessions, using stories, creativity and experiences from around the world to spark curiosity, make connections and encourage learners to explore their own interests.
