Meet Laura!

We're delighted to introduce Laura to you as part of the Gaia Learning team, leading admissions and independent school partnerships.

Admissions & Independent Schools Lead

With over 20 years of experience in education, Laura has worked as a Headteacher and senior leader across independent, state and alternative education. She has always believed that every child deserves to feel happy, understood and valued, and that education should adapt to the learner, not the other way around.

Laura is passionate about supporting families as they navigate their child's educational journey. She loves taking the time to listen, understand each child's unique strengths and challenges, and help parents feel reassured and confident about the next steps.

Alongside working with families, Laura builds meaningful partnerships with independent schools, exploring creative and inclusive ways to help more young people thrive.

With a particular passion for neurodiversity and inclusion, Laura believes success is about so much more than academic results. For her, the most rewarding part of working at Gaia Learning is making a real difference to children and their families, helping them feel heard, supported and excited about the future.
