Meet Nikki!

We're delighted to introduce Nikki, to you as part of the Gaia Education team as Education Support and a Cover Educator.

Education Support & Cover Educator

Nikki joined us in July '26, working behind the scenes to support the development of our new platform, Bloom. Having seen her passion for education and an opportunity for her to support our learners more directly, we're excited to welcome her into these roles.

With 14 years of experience across nursery, primary and secondary school settings, Nikki brings a wealth of knowledge and a specialism in supporting children with special educational needs and disabilities (SEND).

Nikki is passionate about every child having a fair chance at an education and feels a strong connection to Gaia's values. Her caring approach and commitment to helping children thrive make her a welcome addition to our education team.

Outside work, Nikki enjoys spending time with her family, relaxing in her garden and keeping company with her little dog. She has two children of her own, one of whom has just begun her journey as a qualified primary school teacher!
